Learning together;
making the difference
ABN: 21 793 095 452

Phew! We made it through the first term together!

Thank you for bearing with us as we worked out what was needed and how to make it happen. Indeed, we are still working on it! We know that the tutors are working hard to give your child the best possible outcomes to "make the difference". Its been good to get to know some 'old' and 'new' pupils to Master Learning and we hope that you will continue with us into second term. Please let us know if this is not the case.

If you have a problem with the timetable, please speak to us so we can work out a more suitable time, if possible. If you would like to talk to the tutor, we would ask that you be aware that classes run back-to-back and it would be unfair to others for you to take up their tutoring time. We suggest that you either discuss the matter with Laurie or Denise or arrange a convenient time to talk with the tutor.

We also want to welcome Katie and Galib to the tutoring staff. Katie will be helping out with our younger students and Galib will be starting with Biology. We are very excited to have them both and are sure that they will be looking to provide the best outcomes for the students. We also have another tutor ready for junior English and one for Legal Studies, Society & Culture, Modern & Ancient History (see the shaded box next page).

TERM 2 DATES

Week 1 starts:

29th April

Tutoring is on even if your school has a pupil free day!

No tutoring Monday June 10
Queen's Birthday Public Holiday

Congratulations to all our movie ticket winners but an even bigger CONGRATULATIONS to all our Learning Masters! It is great to see the board filled with certificates. Parents, please make sure that your child brings them home so we can start again. More importantly, make sure you encourage your child by going through the certificates and telling them how pleased you are with their progress. Take every opportunity to build confidence in your child.

INTENSIVE READING PROGRAM

We are able to offer a reading program based on the MULTLIT (Making Up For Lost Time in LITeracy) program. It is suitable for students Yr 3 to adults. You may have heard Ms Gillard mention this program in relation to the 'Reading Blitz'.

This program requires a commitment to at least 2 sessions per week (preferably 3) and daily reading at home.

Many schools run this program and we would be happy to work with the school to provide the support needed.

If you are interested, please talk to Denise. The best time to reach her is by phone before 3.00pm.

Special Offer

Introduce somebody new to Master Learning and if they book & pay for more than 5 weeks, you get 2 movie tickets!

FEES TERM 2

9 week term

\$360 FOR THE TERM

Minimum numbers required so express your interest ASAP or tell others who may be interested. See 'Special Offer' on front page.

ANYBODY INTERESTED IN...

HSC music, Japanese & Chinese?

How about brushing up on English language skills (TESOL)?

What about technology? Basic computer skills like using Google?

We might be able to help!

We are also putting together a school readiness program that hopefully will run for 6 weeks in Term 3.

Let us know if you are interested in any of these possibilities and we will see what we can do.
